The protest against Mr. Altgeld and Devlin is made by Mr. Gaban, who is national committeeman of the democratic party of the state of illinois and who has been persistently ignored in all party matters for the past two years. Unless the regular organization of illinois receives proper recognition I personally would despair of success in carrying the state of illinois for the national telest of 1900. Mr. Bryan will undoubtedly be the democratic nomines at that time. With the state of Illinois casting its electoral vote for him he would prohably be seated as the successor of President McKiniey, but Illinois cannot be expected to give its electoral vote to the democratic nomines for the presidency if the regular organization is hampered in its work and if a reward is held out for the political bolter and the political traitor.
